

Avicta Complete Corn Toolkit

Your all-in-one resource for Avicta® Complete Corn
nematicide/insecticide/fungicide seed treatment information

Presenting the Avicta Complete Corn Toolkit

Your all-in-one resource for Avicta® Complete Corn nematocide/insecticide/fungicide seed treatment information

Nematodes are a very real concern in corn and they are limiting the yield potential of corn hybrids. To help protect against these damaging pests, plus early-season insects and disease, SEEDS 2000 is offering a selection of hybrids treated with Avicta® Complete Corn nematocide/insecticide/fungicide seed treatment for the 2012 planting season.

SEEDS 2000 hybrids treated with Avicta Complete Corn offer a superior combination of trait technology and seed treatment protection to maximize yield potential at harvest.

To learn more about Avicta Complete Corn, visit www.avictacompletemcorn toolkit.com to view collateral and presentations, corn nematode facts, training modules and photos. The tools on this site are available to help you educate your customers about corn nematodes and the benefits of protecting their SEEDS 2000 hybrids with Avicta Complete Corn.

Best wishes for a prosperous 2011 harvest and a successful 2012 selling season.

Sincerely,

SEEDS 2000

Important: Always read and follow label instructions before buying or using Syngenta products. The instructions contain important conditions of sale, including limitations of warranty and remedy. Avicta Duo Corn is a Restricted Use Pesticide. For use by certified applicators only. Growers planting Avicta Duo Corn treated seed are not required to be certified applicators.

Avicta Complete Corn is an on-seed application of separately registered products containing Avicta Duo Corn nematocide/insecticide and Maxim Quattro fungicide or Maxim XL and Dynasty fungicides and may additionally contain Apron XL fungicide and/or Cruiser 5FS seed treatment insecticide.

Apron XL®, Avicta®, Cruiser®, Dynasty®, Maxim®, Seedcare™ and the Syngenta logo are trademarks of a Syngenta Group Company.
